For us like any other fugitive,

Like the numberless flowers that cannot number

And all the beasts that need not remember,

It is today in which we live.

EDITOR-IN-CHIEF

KIAN BIN CHUA

Good morning, Life---and all
Things glad and beautiful.
My pockets nothing hold,
But he that owns the gold,
The Sun, is my great friend---
His spending has no end.

Hail to the morning sky,
Which bright clouds measure high;
Hail to you birds whose throats
Would number leaves by notes;
Hail to you shady bowers,
And you green fields of flowers.

Good morning Life---and all
Things glad and beautiful.

---W.H. Davies

This is the hour of Magic, when the Moon
With her bright wand has charmed the tallest tree
To stand stone-still with all his million leaves!
I feel around me things I cannot see;
I hold my breath as Nature holds her own.
And do the mice and birds, the horse and cow,
Sleepless in this deep silence, so intense,
Believe a miracle has happened now,
And wait to hear a sound they'll recognize,
To prove they still have life with earthly ties?

— W.H. Davies

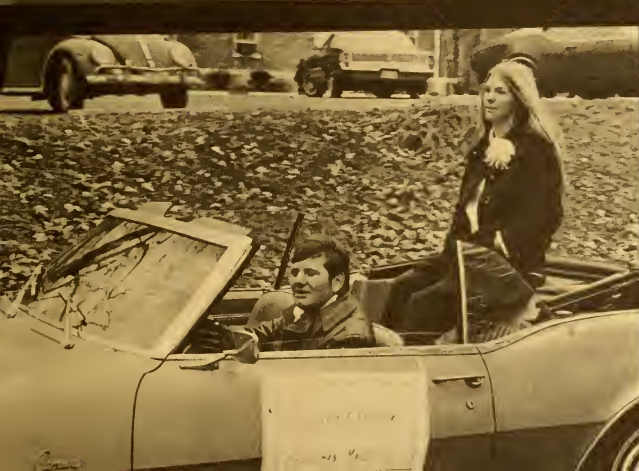
HOMECOMING



The annual Homecoming has long held a special place in the hearts of both McKendree students and alumni. It is traditionally a time of gathering with old and new friends and rediscovering all the good things McKendree has to offer. From the parade in the morning to the dance which lasts late into the night there is an unmistakable feeling of excitement. In fact, the air of anticipation begins weeks before, as people build floats, watch the progress of the basketball team, and discuss who will be crowned Queen. This year's Homecoming was a grand combination of color, nostalgia, merriment and beauty, with the theme being "The World of Disney." The parade boasted a huge assortment of Disney characters, lively bands, pretty girls, and high-stepping drill teams. The success of the day continued as McKendree fans watched the Bearcats soundly defeat the Missouri Baptist trojans. The perfect finale to the day was the Queen's Coronation at Augustine's Restaurant. Even now, the 1972-73 Homecoming is a vivid memory to be cherished in years to come.

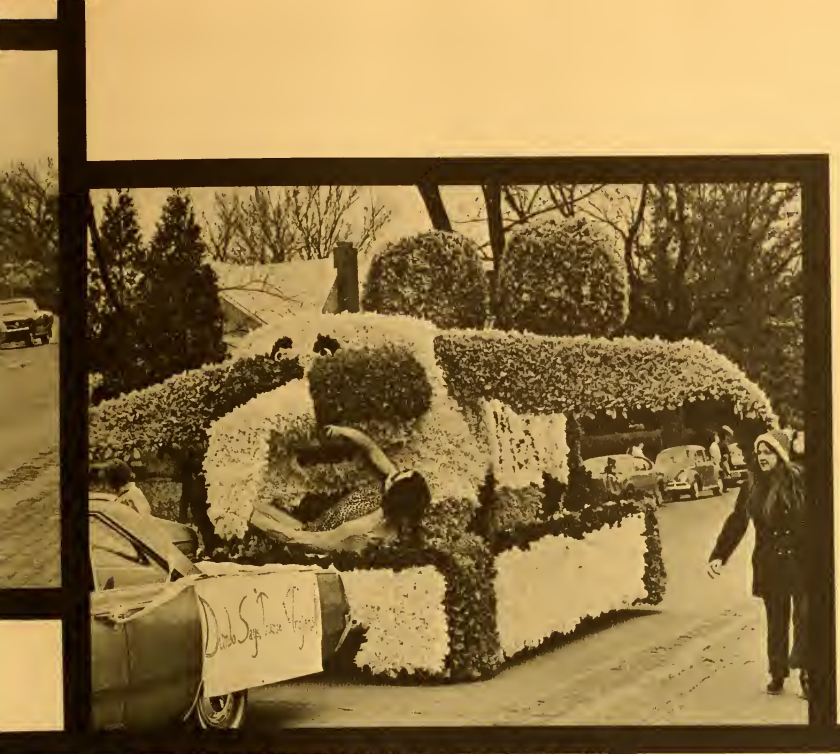
DISNEY CHEERS McK ΑΦΣ



A great deal of hard work and ingenuity was displayed in this year's parade floats. Everyone really got into the whimsical Walt Disney spirit when they saw the collection of animals and characters that made up the procession. As in the past, there was a competition among the floats. Prizewinners this year were Sigma's animated Dumbo, first; Alpha Omega's purple dragon, second; and APO's collection of Disney characters, third.

Retiring Queen, Cheryl Nail, holds the place of honor on the Queen's float.

Mrs. Welch and Prof. Fleming are obviously enjoying their duties as parade Marshals.

The cheerleaders seem more than ready for the afternoon's big basketball game.

HOMECOMING DANCE

The climax of the weekend Homecoming activities came on Saturday, November 18, with the formal dinner-dance and Queen's Coronation at Augustine's Restaurant in Belleville. The ballroom was brightly decorated to carry over the Disney theme. Of course, the main point of interest was the naming of the new Homecoming Queen. Prior to this was the presentation of the 1972-73 court: Colleen Karrick, Freshman; Kathleen Bryant and Nancy Weible, Sophomores; Marguerite Comissiong, Junior; Queen candidates Marna Kettwich, Luanne Lucy; and the new Homecoming Queen, Sue Carmell.

The Miser

Mixed identities, thwarted romances, rollicking comedy—all this and more came to McKendree when the speech department sponsored its 1972 Fall production, THE MISER. This work, one of Moliere's masterpieces, centers on an absurdly greedy old man, Harpagon, (played by George Lightcap) and the problems his selfishness causes. Through his own insensitivity, he thwarts the love affairs of his daughter Elise and Valere (played by Kathleen Bryant and Steve Piatrowski, respectively), and his son Cleante (Lenny Lucey) and Mariane (Colleen Karrick). It is only through fate and the help of a sly matchmaker (Pat Poist) that the lovers are reunited and Harpagon is left to his true love, money. The action of the story was enhanced by a variety of characters, played by Gary Clark, Gary Cox, Greg Ramsey, Linda Lauchli, Claudia Kerens, Susan Fette, David Krause, and Jim White.

To the compilers of G.O.C.,

Nice work writers. Boy could I tell you things about 2nd floor Barnett. If you would only let me.

Signed,
S.M.A.

Writers of G.O.C.,

If you write one more thing in your column about me, I will be more popular than anyone on campus. (I will also give you $25).

Sincerely,
T.H.

As we promised last week, we are going to run a few letters that we have received via the editor. If you wish to comment on G.O.C., letters may be given to the editor. We hope to be able to publish a few more before the year is up but the way the editor is getting to be with space available, we may not be able to do it. Here are some of the letters.

Dear writers of G.O.C.,

How discourteous, impolite, and rude can you be? How dare you say such statements about me. What I hate most about G.O.C. is that they are all true.

C.P.

Writers of G.O.C.,

I hate your column, especially when I'm in it.

C.W.

To G.O.C.,

Keep up the good work guys or gals. It helps me pass the day with a smile at McKendree.

J.P.

Writers of G.O.C.,

I do not wish to play McKendree at U.C.L.A. or McKendree. Thank you for the offer.

Sincerely,
John Wooden
Coach, U.C.L.A.

Back by popular demand, the column to end all columns, is here to insult you, and inform you of certain events on campus. We hope you enjoy it and if we missed you this time, remember, there will always be another copy of the Review.

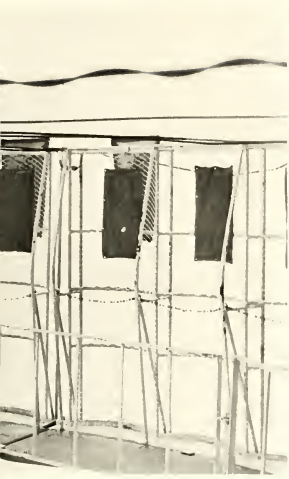
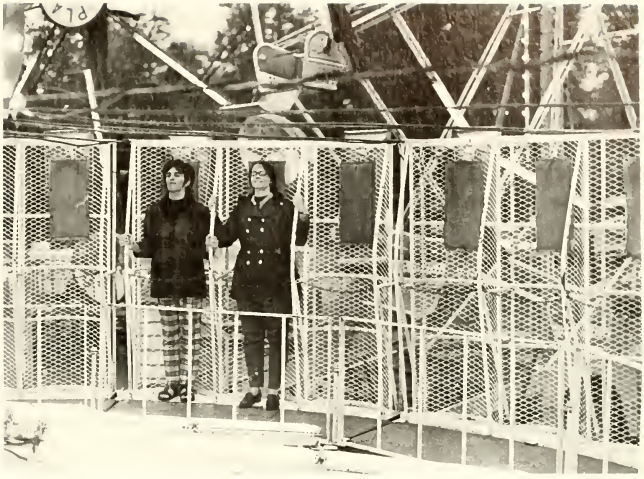
MC KENDREE COLLEGE
CARNIVAL & FESTIVAL

CAMPUS GROUNDS

Fall Festival





On October 27, 28, and 29, the campus was transformed into a world of smiling faces, cotton candy, calliope music and merry-go-rounds as Student Government sponsored its Fall Festival. Students and townspeople alike were treated to a good, old-fashioned carnival which featured such attractions as a reptile house, a 150-pound pumpkin, a swami, and a chance to dunk a real, live, human target into a vat of cold water!

Halloween Party

Halloween is traditionally a favorite holiday of children, and the "little people" who attended McKendree's Halloween party in Upper Deneen were certainty no exception. Besides the usual candy and pumpkins, the children were treated to games, stories, and a costume contest. Later in the evening, McKendree students had a party of their own, but its only similarity to the children's party was the decorations, refreshments, and costume contest. "All Star Frog," a very popular group at McK, provided music for the evening.

We plow the fields and scatter
the good seed on the land
But it is fed and watered
By God's almighty hand
He sends the snow in winter
The warmth to swell the grain
The breezes and the sunshine
and soft refreshing rain

All good gifts around us
Are sent from heaven above
Then thank the Lord
O, thank the Lord
For all His love

We thank Thee then, O Father
For all things bright and good
The seedtime and the harvest
Our life, our health, our food
No gifts have we to offer
For all Thy love imparts
But that which Thou desirest
Our humble, thankful hearts

All good gifts around us
Are sent from heaven above
Then thank the lord
O, thank the Lord
For all His love.

Stephen Schwartz, "Godspell"

McK

The 1973 January interim course, FINE ARTS IN PARIS, provided an exciting opportunity for twelve McKendree students to broaden their experiences. For Rod Baer, Paul Bickel, Linda Hammond, Joe Jackson, Walker McCreary, Linda Michels, Stephen Piotrowski, Ruth Raeber, Gail Schnipper, Frank Washington, Cindy Wuebbles, Mr. and Mrs. P.G. Kennedy and their daughter Annette, the streets of Paris, France, became the most unique classroom available. Leaving St. Louis on the afternoon of January 4th, these students began three weeks of discovering a new world. By viewing historical areas, touring some of the world's greatest museums, and mainly by just experiencing the French people and their country, these students became more vitally aware of what is happening outside of the United States.

À PARIS

JOE EGG

On March 2 and 3, Alpha Psi Omega presented its first annual production, "A Day in the Death of Joe Egg." This hard-hitting and sometimes shocking drama deals with the heartbreak of a young couple trying to raise a handicapped child who is a virtual vegetable. During the course of the play, we learn the reactions of five adults to the child, Joe (played by Terry Minard). There are the snobbish Pam (Linda Lauchli) and her do-gooder husband, Freddie (Gary Clark). Then there is Joe's grandmother, (Claudia Kerens) who treats the child like some kind of extraordinary doll. Finally, there are Joe's parents, Sheila (Kathe Bryant) and Brian (George Lightcap) who have driven each other to distraction trying to adjust to their defective child-to the point that we see their marriage disintegrate before our very eyes.

In the three years that Alpha Omega had been actively re-instated on campus, it has proven itself to be a strong, active, and worthwhile organization. Alpha Omega is based upon the belief that the college years should be a rich mixture of learning, service, and friendship, and that through finding your own individuality you can find real happiness with those around you. In addition to service projects for the campus and community, Alpha Omega has adopted an American Indian girl, to be supported with funds raised by the organization.

Sigma Kappa Tau, founded in 1967, has concentrated its efforts the past year on service projects that would allow acceptance in the National Sorority of Gamma Sigma Sigma. Activities throughout the year included hours spent with the children of St. John's Orphanage, community affairs, as well as various school services. Sigma Kappa Tau received notification of colonization under Gamma Sigma Sigma on February 28, 1973, and after a year's probation, will become a charter member.

The Clionian Literary Society has been an integral part of the McKendree campus for [illegible] years. Not only was Clio the first society for women, but the earliest president was the first woman to graduate from McKendree. Being a social and literary society, Clio has contributed to the library and worked with various Fine Arts committees on our campus. Presently we have members actively involved in almost every campus activity. We have a strong bond of loyalty, many years of sisterhood, and are all quite proud to be Clionians.

The Philosophian Literary Society has the distinction of being the oldest fraternity on campus. Founded in 1837, it has served McKendree College very adequately for 136 years in the field of literature. Philo is active in the Intramural Athletic Program. However, within its own meetings and fraternal interaction, a great deal of emphasis is placed on personal literary and rhetorical achievement. Philo deems itself active in nurturing fraternal brotherhood as do most organizations. However, Philo considers brotherhood to be not the groupness of a closed organization, but the closeness of an open group.

Alpha Phi Omega is one of the largest fraternities in our country today. There are over 500 chapters with a membership of over 150,000 men. A.P.O.'s main objectives are to promote leadership, provide friendships, and service to the community, school, and nation. Chi Omega, formally Alpha Kappa Tau, was founded in 1967 with the ideals of maintaining leadership, friendship, and service to all intents and purposes for the Campus. The society is active in many service projects throughout the school year creating a spirit of Brotherhood between members and benefiting the campus and surrounding communities. In the spring of 1972 AKT became a charter member of the national service fraternity Alpha Phi Omega. The chapter name is Chi Omega and is the only national service fraternity on the Mt. Carmel Campus.

Chi Omega prides itself on providing service whenever needed, and friendship between brothers.

PLATO was founded in 1849 by 16 men who found the Philosophian Literary Society unable to fulfill their needs, and is the oldest social society in the United States west of the Allegheny Mountains. Because of its state charter, PLATO is a recognized corporation by the state of Illinois.

Only persons with an interest in themselves and their brothers can become members, for PLATO is strengthened through the betterment of its members on an individual basis. Platonians stress scholarship, leadership, and moral character through which brotherhood and honor are aquired.

Delta Phi Sigma

Delta Phi Sigma, a social fraternity, strives to promote those qualities which are essential for a well-balanced scholastic program. Brotherhood, Individuality, Sportsmanship, Integrity, and an active participation in student affairs are just a few of the qualities created through membership in the organization.

Adelphi, realizes that a college life consisting solely of academic routines fails to complete an individual's total education. Therefore, the organization provides an opportunity for its members to enjoy other activities associated with college life. This is achieved through such activities as intramural programs, parties, and our succulent pig roasts.
